## Robert Gilpin and International Relations: Reflections

WOLFGANG DANSPECKGRUBER, EDITOR

The immense contributions of Robert Gilpin both to the study of international relations and in furthering the scholarship of others are reflected in this collection of essays by eminent political scientists. Gilpin's "soft realist," interdisciplinary approach has influenced generations of students and scholars in their study of international political economy, US foreign policy, IR theory, the balance of power, the relationship between science and politics, and myriad other topics. That influence, and the richness of Gilpin's work, are evident throughout the collection.

October 2012/ca. 200 pages

ISBN: 978-0-9843974-2-6

pb \$25
